Martin

A New Year and a new
computer system
Introducing "Destiny"

Thanks to the Friends of the Library Group for funding the upgrade to our computer system of cataloging and circulating of library materials.

One of the new features of our online catalog is "Title Peek" which means when you search for a book title, you will also see the front cover of the book. Very impressive!

If you wish to see what you have checked out on your library card and if you want to renew from home you now can do that! Wow - it is amazing. First you will need to create an account of a user name and password but it is pretty simple to do. If you need help, just ask the library staff.

The website for our on-line catalog is
destiny.sis(tcc

Or, you can get to our on-line catalog from the Rauchholz Memorial Library's website's home page
www.rauchholzlibrary.org
